

**HERITAGE
NEAR ME**

Local Heritage Strategic Projects

The Heritage Near Me Incentives program runs from 2016 to 2019. There is \$16 million available in funding over the life of the program.

This program supports projects in four categories:

Support sustainable futures for heritage

- Conservation and restoration projects, and the production of reports, plans and strategies supporting these projects.
- Priority is given to projects which involve a number of owner/managers and/or multiple heritage items, and include opportunities for skills development or training.

Connect communities and heritage

- Projects which aim to raise community awareness of local heritage.

Support effective heritage management

- Projects that will support the establishment of an effective heritage stewardship model for NSW.

Diversify understanding of heritage values

- This includes projects that celebrate Aboriginal cultural heritage, migrant stories and, heritage conservation areas and others.

Expressions of interest are invited from owners and managers of heritage items, local government, organisations and companies seeking to develop such projects in collaboration with the Heritage Near Me Roadshow team.

Further information

For further information, including opening and closing dates, detailed guidelines and applicant information, and to apply please go to our Heritage Near Me Incentives program page:
